CODESYS STORE

Combobox Example

This example shows how to use combo boxes in combination with arrays and text lists.

Product description

This example project shows how to use combo boxes in combination with arrays and text lists.

More information

The first combo box is filled by a two dimensional array. The selection (0 4) is set by the text field.

The second combo box shows a picture in combination with text. This is realized by referencing a text list and an image pool.

Enter a number (0 - 4) to select an item:

| 0 | BMW | 150 | blau | ▼ |

| 🇪🇸 Spanien | ▼ |
