CODESYS **STORE**

CODESYS Web View

Quick and easy management of web visualizations in the local wireless LAN network.
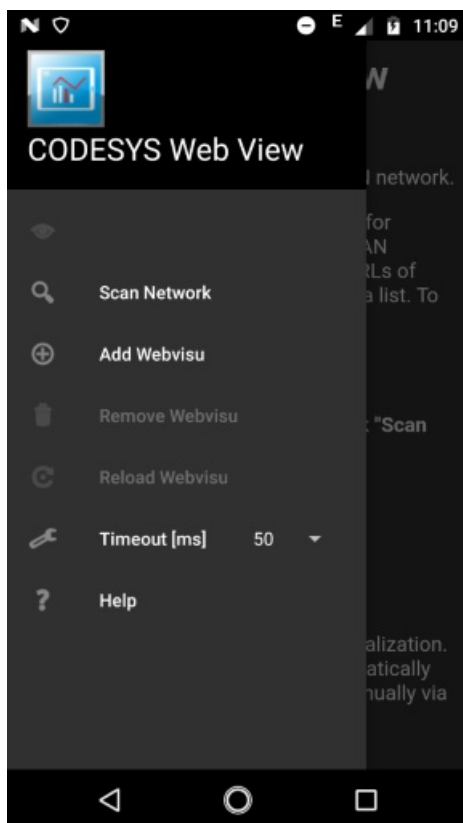

Product description

The Android app 'CODESYS Web View' searches the local wireless LAN network for web visualizations. The URLs of web visualizations found are saved in a list. To view a certain web visualization, the corresponding URL can be clicked.

Download via **Google Play Store**: https://play.google.com/store/apps/details?id=com.codesys.webview
