

## CODESYS Converter V2.3 Converter

The CODESYS V2.3 Converter enables you to open and import projects edited with CODESYS V2.3 with CODESYS V3.5.

### Product description

#### Licensing:

No license is required.

The CODESYS V2.3 Converter is an extension for the CODESYS V3.5 programming environment, which makes it possible to open projects created with CODESYS V2.3 (\*.pro files).

For details on project import and existing project transfer restrictions please see the corresponding chapter in the [CODESYS Online Help](#) (CODESYS Development System > Creating and Configuring Projects > Opening a V2.3 project).
